

Safety Meeting Activity Sheet - Thursday

Send your group safety meeting Activity Sheet to: rriiflt@chevron.com or 214 Main ST. , room #156.

Supervisor Name: _____

Thursday Supervisor/ Leader Instructions:

1. Review the Slides for each day of the Week.
2. Review the NOTES section of the slides for each week. Each slide has specific instructions.
3. *Prepare for Thursday by understanding that Beyond Zero refers to a mindset... Beyond Zero is a mindset, or, the idea of how we must begin to think, work, and live Incident and Injury Free. When we all live Incident and injury Free, the “numbers” (or metrics, like zero injuries) will evolve. “Beyond Zero” is our way of thinking about how working and living at the Richmond Refinery will be when we are all completing Every Task, the Right Way, Every Time ... because we want to, because we won’t accept a workplace where someone is hurt.*

Activity: 1. Discuss: What are our greatest barriers to living and working Incident and Injury Free - completing Every Task, the Right Way, Every Time?

Activity: 2. Discuss: What behaviors minimize the effect of external and internal factors?

Activity: 3. Review and Adjust our statement (**from Monday**) about one (at least) behavior or action we will live by that reflects our commitment to living Incident and Injury Free.
